Dear Ms. Dortch:

Amdocs, Inc. ("Amdocs") submits this notification of its Initial Commercial Deployment ("ICD") in the Citizens Broadband Radio Services ("CBRS") in accordance with the requirements of the *ICD Approval Public Notice* issued by the Federal Communications Commission authorizing Spectrum Access System ("SAS") administrators to commence ICD operations.<sup>1</sup>

Amdocs specifically provides the following information consistent with the *ICD Approval Public Notice*:

- (1) Beginning date of the ICD period:  
**December 1, 2019**
- (2) Specific geographic areas covered by ICD deployments:  
**Santa Cruz County, Arizona  
Cochise County, Arizona  
Tioga County, Pennsylvania  
Fairfax County, Virginia**
- (3) Dynamic Protection Area ("DPA") Enablement:  
**The Amdocs SAS is DPA-enabled.**
- (4) Whether the SAS will be operating with an approved Environmental Sensing Capability ("ESC") operator during ICD and, if so, which ESC they will be using:  
**The Amdocs SAS will not be operating with an approved ESC operator during ICD.**
- (5) Expected end date of the ICD reporting period:  
**Expected ICD end date is December 31, 2019, 30 days after commencement of ICD operations.**

---

<sup>1</sup> Wireless Telecommunications Bureau and Office of Engineering and Technology Approve Five Spectrum Access System Administrators to Begin Initial Commercial Deployments in the 3.5 GHz Band, GN Docket No. 15-319, Public Notice, DA 19-915 (rel. Sept. 16, 2019) ("*ICD Approval Public Notice*").

(6) Primary point of contact:

**The primary point of contact for incumbent operators to use to report potential interference issues to the SAS and to obtain additional information about ICD operations, if needed, shall be Ed Duignan, [eddie.duignan@amdocs.com](mailto:eddie.duignan@amdocs.com).**

Should you have any questions or require additional information with respect to this matter, please contact the undersigned.

Respectfully submitted,

*/s/ Robert A. Silverman*
